

BABY BOTTLE

campaign

FREQUENTLY ASKED QUESTIONS:

Thank you for your interest in Savannah Care Center's Baby Bottle Campaign! Here are some frequently asked questions about the program. For more information, call the Center at 912-236-0916 or visit our website at savannahcarecenter.org

Q: What is the BBC?

A: The Baby Bottle Campaign is an educational tool to raise awareness about the mission and services provided by Savannah Care Center. Over the years, the campaign has grown into one of our most successful ways to reach our community.

Q: How does it work?

A: When families take our special baby bottles home, they are encouraged to pray for Savannah Care Center and consider ways to support our mission. The bottles can be filled with loose change, checks or cash and are collected one month after distribution.

Q: Who participates?

A: Many of our area churches, schools, and organizations have participated in the Baby Bottle Campaign over the years. These groups enable thousands of people of all ages to participate.

Q: What kind of success have you seen?

A: Over \$10,000 is raised annually and is used for direct client services at the Center located at 105 East 34th Street. Our goal each year is to increase donations from our churches and partners to support our growing ministry.

Q: Who counts the money? Can we get a report of our total?

A: We collect the filled bottles and take them directly to a local bank to count the money. A report of your campaign total is sent to you within two weeks and our 990 is available upon request.

Q: Who gets the money?

A: Every penny that comes out of a bottle goes directly to support the Center's mission. The checks, cash and coins from these bottles help support families in our community facing an unplanned pregnancy. Continued material and educational support is available until the child reaches twelve years of age!
